The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-11 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Yarnell et al.

All of applicant's components are clearly anticipated by the reference. See co. 2, line 40 through col. 7, line 54. See especially col. 13, lines 17-62, wherein a diphenylamine antioxidant is disclosed. No patentable difference is readily ascertained between present and patented claims.
